## Specsheet

# Autobalance Task specsheet

- 1 Backrest**  
Black back with polished aluminum accents.
- 2 Polyester Mesh**  
Provides elastic support, yet allows ventilation for airy comfort.
- 3 Lumbar support**  
Height adjustable lumbar support for optimal support.
- 4 Armrest**  
Height, width and depth adjustable armrests. Armrests are black plastic with steel reinforcement and comfortable finish.
- 5 Mechanism**  
The advanced Autobalance synchro mechanism provides the ability to control side tilt tension, multi-position tilt lock and seat height. The movement of the seat and back are coordinated and correspond to the movements of the body. The tilt tension automatically adjusts to the user.
- 6 Five-star base**  
Polished aluminum cross-foot base.
